### Financial Aid Guidelines

Hilldale School is pleased to make financial aid available for the coming school year. Financial aid applicants will apply online, using the SSS Family portal. SSS is part of Community Brands, a well-respected group of software and service companies working closely with more than 4,000 schools across the United States. Please note that SSS charges a \$55 fee, which must be paid by applicants.

Financial aid applicants will begin the application process by filling out the Parents' Financial Statement (PFS) at the SSS website. Once all required documents have been submitted so SSS, Hilldale School will be notified and provided with a financial analysis. These results are used along with other criteria to determine the amount of financial aid which can be offered.

The award notification will be made and communicated by Hilldale School. If awarded aid, the student's deposit amount will be half of the usual \$500 amount (\$250, nonrefundable) and payment financing fees will be reduced to \$0. Additionally, incoming students will not be charged a registration fee. The notification of the financial aid award will be accompanied by a revised Tuition Agreement, which must be signed and returned to the school office with the deposit and other registration forms within 7 days in order to complete the student's registration. Submitting a revised tuition agreement with a tuition deposit will indicate that the enrollment offer has been accepted and will reserve the student's space for the upcoming school year.

Families who receive financial aid awards are asked to participate in one hour of service time to the school for each \$100 of aid that is awarded. If registration forms are submitted after the stated deadlines, this will incur 10 additional service hours, to be added into the award agreement.

Financial aid is awarded at the time of acceptance and is applied as a tuition credit. Placement and funding are subject to testing, class size restrictions, and funding availability. All available discounts (including the sibling discount) are factored into service hour amounts and financial aid awards. Families who do not qualify for financial aid will submit the standard tuition deposit of \$500 with their Tuition Agreement.
